- *Supports a Low-Carb Lifestyle by Neutralizing Carbohydrates**
- *Supports Weight Loss[^]**
- *With Phase 2®, a Clinically Tested Ingredient*

*Carb Intercept® is simple to use: Just take with a glass of water before a starch-containing meal. Carb Intercept® supports a low-carb lifestyle by neutralizing starch found in breads, cereals, rice, pasta and other starch-containing foods. It provides a clinically tested ingredient, Phase2®, which inhibits the action of a key starch-digesting enzyme required to convert starch into simple sugars your body can absorb.**

^This product is to be used in conjunction with a healthy calorie reduction and exercise program. Carb Intercept® is produced only in facilities employing certified Good Manufacturing Practices.
